

REMARKS

In response to the Notice to File Corrected Application papers mailed on 06/21/2004, please enter the foregoing amendments and the following remarks.

No claim has been amended, added, or cancelled by this paper. Accordingly claims 22-25 and 94-105 are currently pending in this divisional application. Of the pending claims, claims 22, 94, and 100 are independent claims. Applicant believes no new matter has been added by this paper.

I) Drawing Amendment

In Figure 16, Applicant has corrected the reference number "1602" to --1602C--. The reference number 1602 was inconsistent with the specification.

Applicant believes that no new matter is added by this amendment to the drawing.

II) Notice to File Corrected Application Papers

In the Notice to File Corrected Application Papers, the drawings were objected to because some did not have appropriate margins and some did not have a reproducible line quality.

In response, Applicant herewith transmits formal drawings of Figures 1-20 attached hereto as Appendix II to overcome these objections to the drawings.

CONCLUSION

A first examination of the pending claims is respectfully requested.

The Examiner is invited to contact Applicant's undersigned counsel by telephone at (714) 557-3800 should there be any questions.

Please charge any shortage in fees in connection with the filing of this paper to Deposit Account 02-2666 and please credit any excess fees to such deposit account.

Respectfully submitted,
